Get Some Art In Your Home

150 artists' and makers' studio spaces across 3 Sheffield buildings

Our annual Open Studios event is your chance to peek behind the scenes into some of Sheffield's most creative spaces. More than 150 talented artists and makers will throw open their doors and invite you in to see where they make their work. It's also your chance to get some art in your home and buy or commission work directly from the artist.
